# Nahida Rojoa

## Computer Science Major

nahida.rojoa@gmail.com | +230 5811 5711 | *Vacoas, Mauritius*

Enthusiastic and dedicated final year Computer Science student at Middlesex University with a strong foundation in systems engineering. Proven ability to balance academic excellence with extracurricular involvement.

## Experience

**Digital Innovation Trainee - Leal & Co Ltd** ***July 2025 - Ongoing***

- Identified, analysed and assessed business problems, and designed, implemented and evaluated solutions.
- Assessed user requirements and translated then into functional and optimised solutions,
- Developed and customised business applications using Microsoft Power Apps to digitise internal processes.
- Automated end-to-end workflows using Power Automate. with multi-validation logic.
- Troubleshot and debugged application issues to improve reliability and user experience.
- Assisted in transforming manual and paper-based processes into efficient digital systems.
- Participated in a capstone project in collaboration with Middlesex University and Leal & Co Ltd, identifying a critical operational problem at Leal Bodyshop and designing an AI-powered Progressive Web Application integrating computer vision and deep learning to automate vehicle damage assessment and repair cost estimation.
- Carried out upskilling of staff to embrace technology through change management initiatives

**Student Learning Assistant - Middlesex University Mauritius** ***2024-Ongoing***

- Assisted students with their academic challenges.
- Worked in teams for projects such as Newsletter.
- Assisted lecturers in classes.

**Intern - Dataxis** ***April 2025-June 2025***

- Designed and implemented workflow automations using Make.com to connect and synchronize multiple business applications.

**Intern - Dataxis** ***April 2024-August 2024***

- Developed and optimised web scraping scripts to extract and process data from various online platforms. Proficient in using Python, MySQL, BeautifulSoup, and Selenium to automate data collection, handle dynamic web content for business analytics.

**Assistant Auditor- Deloitte Associates Ltd** ***January 2023-June 2023***

- Communicated with auditee staff to obtain necessary information for audits.
- Followed established auditing processes to meet internal and regulatory requirements.
- Executed audit phases and entered data into accounting software for analysis.

## Education

**High School** ***2015-2022***

- A-level transcript: Computer Science: A*, Mathematics: A*, Physics: A

**Middlesex University- Mauritius** ***2023-2026***

- BSC (Hons) Computer Science with Systems Engineering
- Grade 1 in CST 1150 , CST 1340, CST 1520, CST 1500, CST 2120, CST 2133, CST 2550, CST 3144

## Extracurriculars

**Assistant Webmaster - IEEE MUMSB** ***2024-2025***

- Collaborated in a team to update and enhance the website for new events.
- Managed and maintained social media accounts to engage audiences and promote events.
- Participated in technical teams for events such as hackathons, contributing to problem-solving and innovation.

**Webmaster - IEEE MUMSB** ***2025-2026***

- Formed part of the executive board and participated in decision-making process.
- Created content to engage with social media audiences.
- Managed the technical team during the Hackathon.

## Awards & Certifications

- Ranked 10th in Urdu at national level for O-levels.
- Ranked 300th at national level for A-levels.
- Partipated in Digital Tech Showcase to demonstate final year projcts; won second prize.
- Participated in 24H WebCup Maurice, a hackathon organised by FINAM.
- Participated in a C# competition organised by IET Middlesex University Mauritius in 2025.
- Photonics training course sponsored by the Physics/ Optics without Borders commission in 2023.
- Euclid Contest organised by Waterloo University in April 2022.
- Hackathon Competition organised by the Polytechnics Mauritius in 2018; won second prize.
- National Urdu Examinations organised by the National Urdu Institute from 2015 to 2020; won awards for top students each year.
- Alliance Française examinations from 2013 to 2017.
- Awarded 6th Kyu in Kyokushin Karate.
- Silver medallist in Open Africa Jiu-Jitsu Championship 2025.

## Skills

- Strong foundation in C#, Python(web scraping), Web Development, Computer Vision (AI), Java and MySQL.
- Effective team player with the ability to collaborate with teammates and work effectively.
- Strong problem-solving skills, with the ability to analyse challenges and implement innovative solutions
- Excellent time management skills, enabling efficient task prioritisation and consistent deadline achievement
- As a practitioner of Jiu-Jitsu and Karate, I have developed discipline, perseverance, and strategic thinking, which I apply in both my professional and personal life.
